Italian quality worldwide

USE OF PURE POLYMERS

products made from 100% polypropylene:
fully recyclable

PRODUCTION AND USE OF CLEAN ENERGY

since 2010 our photovoltaic systems have avoided the emission of over 790 tonnes of CO2

ISO 9001:2008 – Quality Systems Certification

Thanks to its tested Quality System, TTS has achieved in 2001 the important ISO 9001 Quality System Certification. Through the achievement of the Certification ISO 9001 TTS had the opportunity to refine its processes, thus ensuring smoothness to the entire management and the achievement of quality excellence standards for the different productions. The Certification commits the company to a constant improvement of its technological procedures and organisational systems. In this way all company procedures are constantly monitored starting from the design phase of new products.

All control actions implemented throughout the production chain comply with and are in accordance with the relevant laws and, above all, they are acknowledged, implemented and consolidated within the company.

TTS has got a certificated Quality Management System that guarantees to the customer that the products comply with the requirements and technical specifications that are necessary according to the different areas. TTS implements a CONTINUOUS QUALITY IMPROVEMENT PROGRAMM with the following strategic goals:

- Highest customer satisfaction
- Highest co-operation with suppliers
- Respect for the environment
- Prompt Deliveries
- Reduction of the time for the fulfilment of customers' orders
- Compliance of the products with the features required by the customers
- Continuous innovation and research of new products and materials

ISO 14001:2004 – Environmental Certification

Environmental protection, continuous improvement of the environmental impact and prevention of any form of pollution have always been very important goals for TTS. For this purpose TTS has developed and implemented an Environmental Management System, which has been certified according to the requirements of the international standards of Environmental Management Systems ISO EN UNI 14001. TTS has always been focused on all that is environment-friendly in each single phase of the product life cycle, in order to reduce the impact on the environment. This means that we pay special attention to all the phases of the life cycle of a product: design – selection of raw materials – production – distribution – product sales performance – waste management (100% recyclable items).

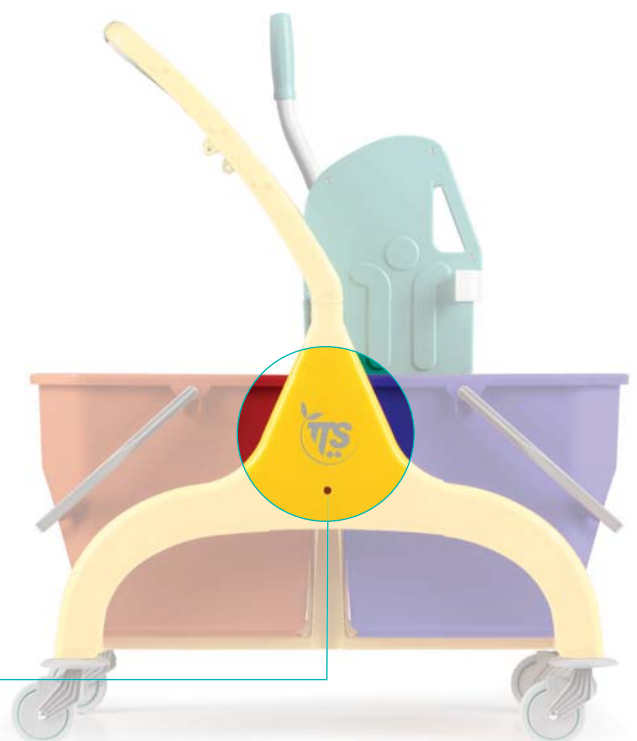

Certification Second Life Plastic (PSV)

TTS has for years focused its technology to the production of ecological and eco-friendly materials and for this reason the company has recently obtained the certification IPPR of conformity with the "Second Life Plastic".

All products marked with PSV are made with post-consumer recycled plastics, collected from sorted waste collection according to the ministerial guidelines contained in the Ministerial Decree 203/03 and the Circular of the Ministry of the Environment (4 August 2004).

Updated certifications are available for download on our web site

All the products made with first quality recycled polymers are identified by this symbol.

made in Italy

Our value is

COMPETENCE

- Over **25 years** of activity on the market
- **Manufacturer specialised** in manual cleaning
- Experts in **healthcare** cleaning
- **Direct experience** gained in the field
- **Analysis of the needs** in the various sectors

your professionalism

SERVICE

- Our experts **at your disposal** to provide:
 - sales force **training**
 - **surveys** on sites
 - operators **training**
- **Quick deliveries:** our stock at your disposal
- **Wide product range** to find custom-made solutions
- **After sale support**, components and parts always available

MAGIC mobile

YOUR IDEAS BECOME PROJECTS WITH QUOTATIONS

Try Magic Mobile, TTS trolley **configurator**!

An easy tool, always at your fingertips and updated in realtime, to build step by step the cleaning trolley fitting your needs at best.

EACH OF YOUR CREATIONS BECOMES FOR US A BIG PROJECT!

Create the best trolley according to your needs: it is proven that a **customized trolley** reduces working time up to **19%**.

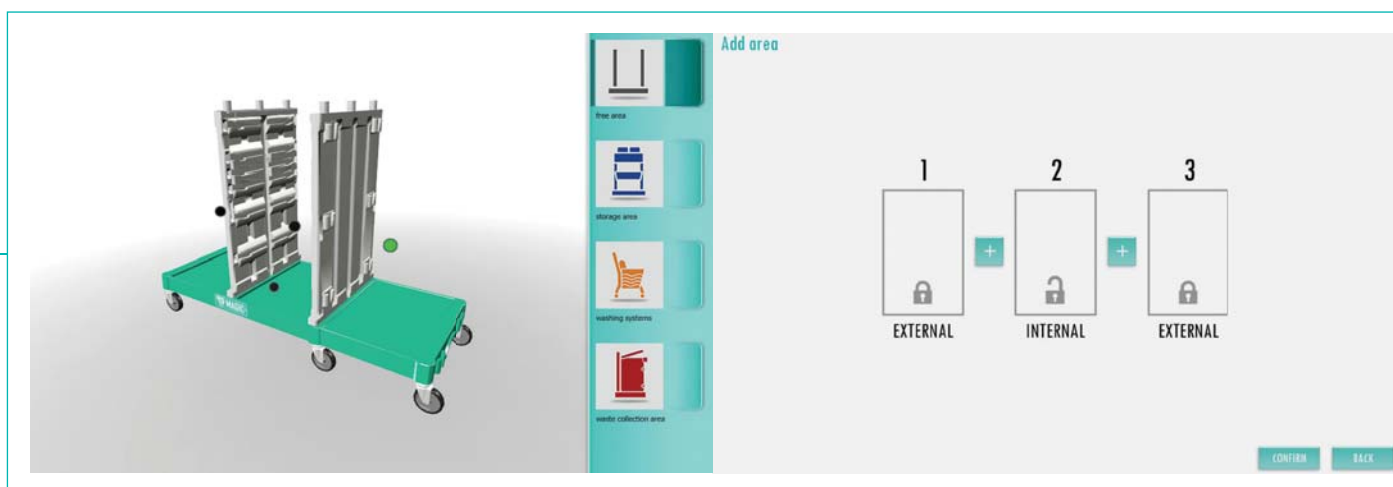

From the wheel to the bucket: each small detail of your configuration is very important! After you have built up your ideal trolley, you could send us **your project** with just one click and ask for information.

YOUR PRICE LISTS BECOME SMART!

We have created for you an **on line reserved platform** to manage your sales price lists:

- **SEE** real-time your TTS purchase prices, always updated
- **CREATE** specific price list for the different mark-up: making customized offers has never been so easy!
- **MANAGE** all price list in your on line space with restricted access
- **CREATE** and inform your sales people about the codes of their price list: they will always see the updated prices

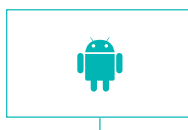

ALWAYS READY, WHEREVER YOU ARE!

Present your best commercial offers **anywhere** and **whenever**!
Limitless: from today Magic Mobile can be used with **Android**, **iOS** and **Windows**

Download Magic Mobile

GENERAL PRODUCT SAFETY

The items we manufacture do not require certification as they correspond to the definition indicated in Italian leg. decree no 115 dated 17.03.95

Based on this legislation, a safe product is a product which under normal or reasonably predictable use - including the life of the product - does not involve any risk or only has minimum risks compatible with the use of the product.

TTS CLEANING S.R.L. production does not fall under any of the European product directives, in particular it is not subject to the machine directive 98/37/EC, the low voltage directive 73/23/EEC nor the electromagnetic compatibility directive 89/336/EEC (except for a few items in the aura range, that have guaranteed CE marking)

In all events, there are no particular risks involved with the equipment.

All the materials that are used do not involve any chemical risk for the user's health. The company constantly monitors the materials that are used and conserves copies of all the safety charts.

In relation to this the following recommendations must be observed :

- the equipment **must not be used** by **anyone who is inexperienced**.
- the equipment **must not be used** by **children**.
- the equipment **must not be used** on **uneven surfaces** (with a slope of more than 1%).

The manufacturer is not responsible for any damage caused by any substances that are used by the operator.

BiLap

Duster with microfibre cloths

FEATURES

- **REDUCES THE QUANTITY OF CLOTHS USED:** BiLap uses the same cloths that are normally used for manual surface cleaning
- **INCREASES PRODUCTIVITY, REDUCES STRAIN:** BiLap covers a larger surface in comparison to manual wiping
- **MAXIMUM HYGIENE WITHOUT WASTE OF TIME:** BiLap allows to change cloth in each room (bedrooms, restrooms...)
- **REACHES ANY SURFACE:** just one single tool for quick and precise cleaning of hard-to-reach surfaces with regard to highness, depth or inclination.
- **UNIVERSAL CLIPS TO FIX CLOTHS:** BiLap is to be used with multipurpose, disposable or antistatic cloths
- **UNIVERSAL HOOKING SYSTEM:** BiLap frame can be used with manual handle as standard equipment, telescopic handle or pole
- **QUICK ADJUSTMENT SYSTEM:** new button system in order to incline the frame up to 270°

PURPOSE AND USE

BiLap, Bendy and Bit

BiLap frame

Duster inclining up to 270° with universal clips and removable handle. To be used with microfibre cloths (minimal size of one side: 35 cm)

code	notes	C	cm	pcs	kg	m ³
00008891			54x11	6	1.93	0.013

Bendy

Flexible duster

FEATURES

- Flexible and foldable duster
- Supplied with a hook to fasten the mop head
- Used to dust hard-to-reach surfaces or with particular shapes like wardrobes, shelves, beds, tube-shaped lamps
- With polyethylene support: strong, easy to shape and to clean
- Thanks to the removable grip Bendy is a universal system that can be used with TTS telescopic handle to reach heights above 2 m

PURPOSE

Problem-solving systems

Drip-Fix Disposable super-absorbing floor cloth

FEATURES

- NO DRIPPING: the super-absorbing polymers inside the cloth transform the liquid into a gel, which is bonded safe, without any dripping
- SUPER-ABSORBING: Drip-Fix can absorb approximately 1000 ml of tap water
- ALL-IN-ONE: it absorbs easily water, drinks, oils, organic liquids and chlorine bleach
- FAST AND MULTIUSE: absorbs different types of liquid taking from 30 to 150 seconds
- HIGHEST SAFETY: the floor is quickly dry, thus avoiding the risk of accidental slipping
- NO RISK OF CROSS CONTAMINATION: the upper printed side is impermeable and avoids any contact with the liquid
- HYGIENIC: safe and quick disposal of the used cloth, no risk of cross contamination
- EASY TO USE: put Drip-Fix onto the spillage with the unprinted side down, wait, remove and dispose of it
- VERSATILE: the best solution for hospitals, healthcare facilities, supermarkets, coffee shops, kitchens, airport, schools, mechanic workshops

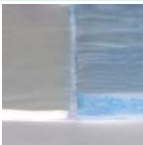

Disposable cloths

Drip-Fix

Disposable cloth super-absorbing for accidental spillage

It absorbs water, drinks, oil, organic liquids and chlorine bleach

Dustpans for waste collection

B-Fly

Ergonomic dustpan system to pick up waste

- B-Fly is the new dust-pan and squeegee system that allows you to clean any type of dirt, solid or liquid, dry or damp, without bending, thus avoiding any direct contact with the spillage
- Ideal for bars, restaurants, canteens and hospitals
- Easy to clean and efficient in picking up waste because it adheres perfectly to the floor
- You just have to detach the bag to get rid of waste, thus avoiding contact with hands and keeping away unpleasant odours, which normal dustpans cannot do

B-Fly / Clip

New foldable grip

B-Fly and Clip dustpans are now provided with a **new foldable grip**:

- COMPACT: with a clic on the button, the grip gets folded reducing volume
- SAFE: thanks to the absence of prominent parts, it is easy to put away after use and prevents accidental hooking
- ERGONOMIC: easy to use and provided with handle holder

Why you would choose TTS Microfibre

WITHOUT INTERNAL SPONGE

COLOUR CODED

3 FRAMES

SOFT PRO

100 % polyester

- Ideal for spray cleaning and dry dusting
- Long loop: for medium/low dirt or daily cleaning

SOFT FAST

90 % polyester
10 % polyamide

- Very low friction and dirt collection thanks to nylon inserts
- Short loop: for medium/low dirt or daily cleaning

SOFT STRIAT

80 % polyester
20 % polyamide

- Highly absorbent and very low friction
- Short loop: for medium/low dirt or daily cleaning

Microfibre

SOFT BAND

87 % polyester
13 % polyamide

- Excellent intensive degreasing action on dirt without damaging surfaces
- Short loop: for medium/low dirt or daily cleaning

SOFT PLUS

84 % polyester
16 % polyamide

- Easy removal of stains and stubborn dirt thanks to polypropylene abrasive stripes
- Short loop: for medium/low dirt or daily cleaning

MICROSPLIT 32

80 % polyester
20 % polyamide

- Ultra-high-performance microfibre that captures and retains dirt and allows greater floor cleaning autonomy
- Long loop: for medium/high dirt or for less frequent cleaning

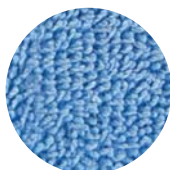

MICRORICCIO

80 % polyester
20 % polyamide

- Very good dirt collection together with highly absorbing power
- Long loop: for medium/high dirt or for less frequent cleaning

MICROBLUE

85 % polyester
15 % polyamide

- Ideal for dry dusting, very good floor cleaning autonomy in case of damp use thanks to internal microfibre layer
- Short loop: for medium/low dirt or daily cleaning

MICROBLUE BCS

85 % polyester
15 % polyamide

- Ideal to avoid cross contamination thanks to antibacterial additive treatment
- Short loop: for medium/low dirt or daily cleaning

MICROSAFE

50 % polyester
20 % polyamide
30 % polypropylene

- Easy removal of stains and stubborn dirt thanks to polypropylene inserts, very low friction
- Short loop: for medium/low dirt or daily cleaning

Wet System

Washing and disinfection system

FEATURES

This system is the best solution for a professional and efficient cleaning of floors, walls and ceilings

When using Wet System, mops remain hanged to the frame when being rinsed and pressed, no more bending is necessary and any contact with dirt and chemical solutions is avoided.

With Wet System, you work faster and in a more ergonomic and efficient way in comparison with traditional systems

USE

Vertical position

Rotate the handle

Press down the frame to close it

Push the yellow button to open the frame

The full range of TTS safety signs on page 486

Velcro

Washing and disinfection system

FEATURES

Velcro system is ideal both for dusting, dry or damp use, and for washing.

- Frames allow to change mops easily
- Velcro strips are interchangeable
- It can be used with pre-soaked spare mops avoiding the risks of rinsing which cause backache and wristache to the operators

USE

Placing frame on the mop

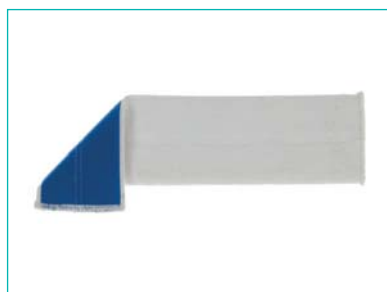

Detaching dirty mop from the frame

Easy replacement of the strips

BIO System

ERGONOMICS AND MAINTENANCE

NO BENDING

Equipped with an ergonomic grip that makes it easier to use the tool, always maintaining a proper position

REDUCTION OF WEIGHT LIFTING

No more heavy buckets to be lifted and no more mops to be rinsed or wringed out

EASY TO CLEAN

Easy cleaning of the tool, no need to disassemble it

REDUCTION OF CHEMICAL

The bottle is easy to fill and chemical can be perfectly dosed, with considerable time and cost saving

This system allows to distribute cleaning solution directly from the handle

TO BE USED WITH THE FOLLOWING SYSTEMS

VELCRO

BLICK

TRILOGY

BOTTLES

COLOUR CODED BOTTLES

The bottles are available in different colours, to allow the operator to diversify chemicals according to the different environments to clean, but always using a single tool, which means considerable time saving.

REMOVABLE AND INTERCHANGEABLE

For easy cleaning of the bottles and for convenient pouring of the chemical

...dose and go!

- ▶ Soaking **ON DEMAND DIRECTLY ON TROLLEY**
- ▶ **TOTAL CONTROL** of cleaning solution required
- ▶ **GREATEST FLEXIBILITY** of cleaning solution for all surfaces to be cleaned using the correct procedure

Dosing device for on-demand mop soaking

New features and suitable systems

NEW

NEW HERMETIC TANK (6 L / 1,5 Gal)

- Cap with removable key and lock grants **higher security**
- **Wide opening** allows easier cleaning operations
- **New ergonomic handle** makes easier to pick up the tank

NEW CONTROL RING

- New **control ring** to adjust cleaning solution from 50 to 350 ml
- It is possible to **soak also cloths** for manual cleaning of surfaces

► 50 ml

► 350 ml

Accessory available on request - NEW KIT TO BLOCK CONTROL RING

- Allowing **total dosage control** in case of use of the system by different operators
- Dosage ring can only be adjusted by **one single special key**, supplied in the kit and kept by Site Manager

Wringers

Dry

Roller wringer

FEATURES

- Bottomless polypropylene wringer with rubber roll
- With hook to fix wringer to the bucket, anti-splash front side and twisting handle holder
- No bottom means saving time during washing, as both rinsing and wringing take place with one single simple movement inside the wringer, without any unpleasant dripping
- You can place the roll in three positions according to the type of wringing and flat mop
- Allows an effort reduction of 30% in comparison with traditional wringers
- Studied to effectively wring flat mops

Technical details

ROLL POSITIONS

LESS WRINGING

Very wet mop

Ideal for floors up to 150 mq or for floors with high degree of dirt

STANDARD WRINGING

Wet mop

Ideal for floors up to 110 mq or for floors with medium degree of dirt

MORE WRINGING

Damp mop

Ideal for floors up to 75 mq or for floors with low degree of dirt / need to be quickly dry

Action Pro

Double bucket

ACTION *pro*

FEATURES

- **PROFESSIONAL:** double bucket to separate rinsing water from detergent solution
- **TWO DRAIN-PLUGS:** front and back, to empty liquids out easily
- **HYGIENIC AND PRACTICAL:** with ACTION PRO rinsing water is always clean, thanks to the back drain-plug it can be emptied any time you need, without throwing away cleaning solution at the same time
- **HANDY:** double handles to carry it easily
- **ERGONOMIC:** higher than the traditional buckets it allows the operator to work while standing
- **EFFICIENT:** it cuts working time and saves detergent solution
- **STACKABLE:** thanks to removable four 80 mm wheels
- **ECO-FRIENDLY:** completely made of polypropylene, non-rusting, solid and entirely recyclable
- **VERSATILE:** suitable with Dry, O-Key and Tec wringers

To be used with Nick Light trolleys, Action Pro/Pile buckets and Smile bag holder

Witty

Bucket with removable divider

FEATURES

- DOUBLE BUCKET to separate rinsing water from the detergent solution
- Removable hermetic CENTRAL DIVIDER
- BACK DRAIN-PLUG avoids lifting the bucket to empty it
- HANDY: double handles to carry it easily
- ERGONOMIC: higher than the traditional buckets it allows the operator to work while standing
- EFFICIENT: it cuts working time and saves detergent solution
- ECO-FRIENDLY: completely made of polypropylene, non-rusting, solid and entirely recyclable

Technical details

Back drain-plug to facilitate bucket emptying

Partial outflow of the bucket (divider inserted)

Total outflow of the bucket (divider lifted)

Removable hermetic divider with graduated scale in litre and gallons

Removal of the divider

Lifting of the divider: you can empty the bucket easily

L030047		

Double frame for Nick 30 trolleys

Double frame with wheels and bumpers, for 30 L Nick trolley

code	notes	C
L030083		
L030080		
L030081		

Double frame for Nick 50 trolleys

Double frame with wheels and bumpers, for 50 L Nick trolley

code	notes	C
L030088		
L030085		
L030086		

Single Light frame for Nick trolleys

Single polypropylene frame with wheels and bumpers, for 25 L Light trolley

code	notes	C
L030058		

Double Light frame for Nick 30 trolleys

Double polypropylene frame with wheels and bumpers, for 30 L Light trolley

code	notes	C
L030057		

Double Light frame for Nick 50 trolleys

Double polypropylene frame with wheels and bumpers, for 50 L Light trolley

code	notes	C
L030056		<input type="checkbox"/>

80 mm wheel with sleeve

Polypropylene wheel with pivot and sleeve, without bumper

code	notes	C
00003489Q		<input type="checkbox"/>

80 mm wheel without pivot

Polypropylene 80mm wheel without pivot nor sleeve

code	notes	C
S040200		<input type="checkbox"/>

80 mm plastic wheel

Polypropylene wheel without sleeve

code	notes	C
S040211		<input type="checkbox"/>

To be used with Nick Light trolleys, Action Pro/Pile buckets and Smile bag holder

Lateral handle for Nick trolleys

Lateral handle for Nick trolleys

code	notes	C
00003300		<input type="checkbox"/>
00003301		<input type="checkbox"/>

"U" handle for Nick trolleys

Ergonomic "U" handle for Nick trolleys

code	notes	C
00003310		<input type="checkbox"/>
00003311		<input type="checkbox"/>

Nick handle

Reversible Rilsan handle

code	notes	C
H340010		<input type="checkbox"/>

Bucket holder for single Nick

Bucket holder for 15 L bucket for single Nick

code	notes	C
S090200		
S090201		

Lateral bag holder Nick

Lateral bag holder for Nick trolleys

code	notes	C
S070120		

To be used with lateral handle and with holder cod. S070090

50 L PVC bag

50 L plastified PVC bag

code	notes	C
00003618		
00003617		

Closed paper holder

Closed paper holder for Nick and Magic trolleys

code	notes	C
S070225		

To be used with lateral handle and with holder cod. S070090

Lateral basin to hold tools

Lateral basin to hold tools, capacity 3,7 L

code	notes	C
00003350		
00003351		

To be used with Nick and Witty trolleys through the holder cod. S070090, S070040

Holder for Nick trolleys

Accessories holder for Nick frame

code	notes	C
S070090		

To be used with lateral basin cod. 00003350, lat. bag holder cod. S070120, paper holder cod. S070225, 4 L bucket cod. 00003360 and 15 L bucket cod. 000B3500 (included other colours)

Handle holder connecting to narrow edging

Handle holder connecting to lateral basin

code	notes	C
00003583		<input checked="" type="checkbox"/>
0E003583		<input type="checkbox"/>

To be used with basins cod. 00003350, T090735 and S030305

Double hook connecting to narrow edging

Double hook to hold tools connecting to lateral basin

code	notes	C
00003348		<input checked="" type="checkbox"/>
00003348E		<input type="checkbox"/>

To be used with basins cod. 00003350, T090735 and S030305

Spray dispenser hook connecting to narrow edging

Spray dispenser hook connecting to side basin

code	notes	C
00003344E		<input type="checkbox"/>

To be used with basins cod. 00003350, T090735 and S030305

Single hook connecting to narrow edging

Single hook to hold tools connecting to lateral basin

code	notes	C
00003584		<input checked="" type="checkbox"/>
0E003584		<input type="checkbox"/>

To be used with basins cod. 00003350, T090735 and S030305

Handle holder for "U" handle Nick trolleys

Handle holder connecting to "U" handle

code	notes	C
00003320		<input checked="" type="checkbox"/>

To be used with "U" handle cod. 00003311, 00003310

Single hook for "U" handle

Single hook to hold tools connecting to "U" handle

code	notes	C
S070050		<input checked="" type="checkbox"/>

Chromed basket to keep tools

Chromed basket to keep tools for Rilsan handle, for Nick/Sting trolleys

code	notes	C
L080008		

To be used with Rilsan handle cod. H340010

Idro filling pipe

Pipe to fill buckets, 140 cm

code	notes	C
00003513		<input type="checkbox"/>

Idro Pro filling pipe

Pipe to fill buckets with universal plug, 150 cm

code	notes	C
R040401		<input type="checkbox"/>

Pre-soaking trolleys

Nick Hermetic

Nick Hermetic 15

Trolley with "U" handle, single frame, 10 L Hermetic bucket, ø 80 mm wheels with bumpers, Rilsan upper grid and handle holder

WASHING AREA

STORAGE AREA

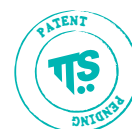

MAGIC +

WITH A CLICK YOU JOIN / SEPARATE YOUR TROLLEY!

With the new Magic+ hooks, 2 trolleys become 1!

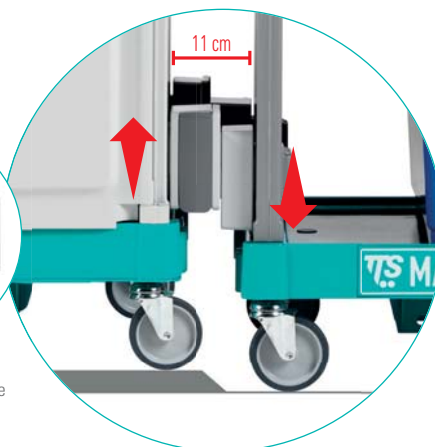

- Solid and stable hooks
- Designed to adapt to uneven floors

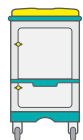

Hook module

Lever module

NEW

90 L bag holder with drawer

SAFE AND HYGIENIC DRAWER

- can be pulled out to clean it easily inside
- **block system** avoids drawer falling
- removable **key** for added security

USEFUL TO STOCK TOOLS

Ideal to have **close at hand** consumables and tools

USEFUL TO COLLECT WASTE

Can be completed with **accessories** as **bag holder insert** with buttons and **removable inserts** to optimise spaces

FRONT DOOR

- **ergonomic** waste removal
- removable **key**
- **check-list** holder

PULL-OUT TRAY

- drip resistant **edge**
- attachment/removal **buttons**

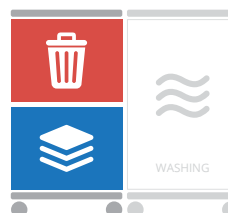

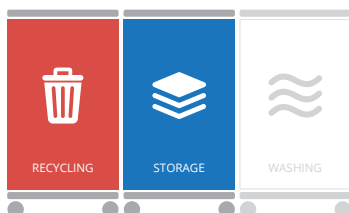

ERGONOMIC HANDLE

- **adjustable position**
- easy to use **push buttons** give a range of inclination up to 180°

MOVE & GO

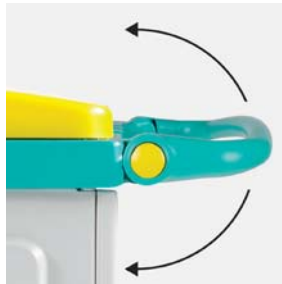

COMPACT TO THE EXTREME

Minimal volume: washing + storage + waste collection!

MAGIC LINE

New

ERGONOMIC HANDLE

Thanks to this new pushing handle you can choose the **right position** according to the operator's **height**.
Push buttons give a **range of inclination up to 180°**.

LID WITH KEY

The lid with double bottom for 120 L bag holder is now available with removable key, for **highest security during waste collection**.

CLIPPY - HANDLE HOLDER

Thanks to Clippy you can **hang up quickly your tools** to your trolley or to any near at hand place, using **just one hand**.

The new handle holder is composed by a safety ring, that **secures** the handle holder to the handle, thus avoiding accidental loss.

BARS FOR CLIPPY HANDLE HOLDER

New plastic bars are perfect to attach Clippy handle holder to Magic trolleys.

They are available in **two different sizes**:
for central basket and for 150 L bag holder.

Available also in the new versions with **holder for safety sign**.

SEVERAL COMBINATIONS TO TAKE ADVANTAGE TO 100% OF SPACE OF YOUR TROLLEY

10 L drawers

For all **DRAWERS CONFIGURATIONS** please refer to tables at the end of the catalogue

Shelf trolleys

Shelf

Transport trolley

FEATURES

- SAFER: thanks to the new versions with closing walls
- SOLID: made with plastic shelves/walls with aluminium or plastic structure, Shelf is lightweight and strong (up to 50 Kg total load capacity per shelf)
- ERGONOMIC: designed to carry easily different objects
- NOISELESS: assures a noiseless moving compared to traditional metal trolleys
- HYGIENIC: smooth surfaces with rounded edges allow an easy cleaning
- VERSATILE: ideal for Hospitality and Hotels sectors: restaurants, fast-food, canteens
- ELEGANT: modern and nice design, available in two colour versions (white and grey)
- MODULAR: it is possible to add other shelves

ACCESSORIES

25 L waste bin for Shelf trolley

Provided with ergonomic handles

For a more efficient service

SanyDisc

Set with odour eliminating cartridge

FEATURES

- SanyDisc uses Air Solution technology, a complex blend of essential oils that neutralizes bad smells.
- It does not simply cover up or conceal bad smells, but through a process of neutralization it captures and eliminates them thanks to enzymatic principles
- Ideal for bins and trolleys, as Open-up and Derby 30, 60 and 90 L
- Lasts at maximum for 8-12 weeks
- It can be used in order to eliminate bad smells in small rooms as minivans, closets, washrooms, bathrooms

To be used with basins cod. T090730, S030302, S030310 and S030315

Magic Hotel

FEATURES

100% PURE SPACE

TTS presents a revolutionary range of trolleys, Magic Hotel, the result of long-term field researches and studies.

The operator can use an unequalled instrument with regards to:

- Ergonomics
- Safety
- Modularity
- Storage capacity
- Elegance

Lid opening through pedal

ERGONOMIC

Avoids contact between hands and lid.
Easy removal.
Lid closes slowly thanks to SHHUT System buffers.

place to hide the key

lock

SAFETY

Equipped with ergonomic hand grip and a place to hide the key to reduce the risk of loss.

Customize your trolley with your logo

CUSTOMIZING

Now you can customize your Magic trolleys not only in terms of the components, but also of the image. Thanks to new technologies, you can print in four-colour directly on the doors and sides of the trolley.

On request it is possible to customize the trolley with your logo or any other image you like.

Opening to the left, so it is more practical and easy to use

DOOR OPENING TO THE LEFT

Magic Hotel trolleys with two storage units are now available with a new door opening to the left.

Safety equipment

Doorstop systems

Doorstop

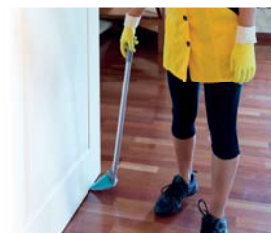

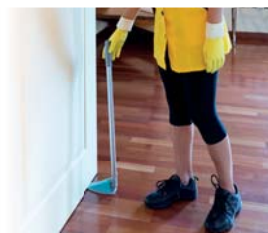

Universal doorstop with rubber edge

FEATURES

- **ERGONOMIC:** thanks to its release system it can be placed and removed with ease and no unnecessary bending is needed
- **NON MARKING:** thanks to its thermoplastic rubber edge it leaves no marks on doors or floor surfaces
- **UNIVERSAL:** designed to fit all door sizes
- **ANTI-SLIP:** it will grip most surfaces thanks to its moulded rubber edge
- **COMPACT:** small in size and easy to carry around, hanged on cleaning trolley

USE

Universal doorstop

Universal doorstop with non-marking rubber edge

Safety signs

Signal

"NO ENTRY" door signage with quick release fittings

- **STABLE:** suckers provide a strong grip with no damage to door surfaces
- **FUNCTIONAL:** easy to open and close
- **EASY TO CLEAN:** PVC material with water resistant screen printing
- **UNIVERSAL:** will fit door sizes 77cm >134cm by using its telescopic aluminium frame
- **COMPACT:** small in size and easy to carry around, hanged on cleaning trolley
- **CUSTOMIZABLE:** include your company's logo with graphics, minimum order requirements. Please contact us for further information!

ADJUSTMENT

FASTENING SYSTEM

Door signage

No entry door signage

"No Entry" door signage with quick release fittings, adjustable, provided with PVC cloth with graphics

Adjustable from 77 to 134 cm - PVC cloth: 50 x 32,5 cm

Floor signs

Pyramidal safety signal

FEATURES

- Robust, with rounded corners and smooth surface so easy to be cleaned
- At the top it has a hole to insert the rectangular tables with different types of signs
- Thanks to the structure of the cone with the enlarged and round base, the signal remains steady even in case of accidental bumps
- The signal has two holes on the top, for easy transport
- Four-sided shape for efficient stocking

- Red flashing light for the pyramidal signal
- Insert to the top, into the central hole
- The housing is in plastic and it is completely waterproof for outdoor use
- Equipped with a button to switch on and off the light
- It works with 2 batteries 1,5 V lasting about 2 months
